uRsuLA futuRA IS OUR  
ALTER EGO. THE ONE WHO  
DARES.WHO FOLLOWS INTUITION  
OVER CONVENTION. WHO DOESN'T  
ASK FOR PERMISSION.  
WHO FINDS LIGHTNESS  
IN COMPLEXITY. POSSIBILITY  
IN THE UNEXPECTED. URSULA  
IS THE PART OF US THAT PLAYS,  
EXPLORES, INVENTS.  
uRsuLA futuRA IS IN ALL OF US.

Ursula Futura is a creative universe, a studio where glass is transformed into expressive objects that shift perspectives on the everyday. Each piece is conceived as both functional design and sculptural statement, blending bold form, color and craftsmanship into objects that spark curiosity.

The brand was born from an alter ego: Ursula is the fearless counterpart who dares to push ideas further, to experiment, to reimagine rituals and surroundings with humor and intensity. This spirit runs through every project, from collectible glassware to large-scale collaborations and lighting concepts.

At its core, Ursula Futura is about emotion over perfection, about celebrating curiosity, play and the poetry of materials. Each object becomes an invitation to see the world with different eyes.
